

TS TRU-SQUARE

REAR END SQUARING MADE EASY

“USING **TRU-SQUARE**
IS LIKE HAVING AN
UNFAIR ADVANTAGE.”

Brian Brown #21

Square your rear end in minutes!

- TS -attaches to your rear end and chassis.
- TS -quickly and precisely moves rear end by adjusting the length of the tool.
- TS -holds the rear end in place while you time the birdcages and hook up the rods and torsion arms.
- TS -allows you to work on other parts of the car at the same time without knocking the rear end out of square.
- TS -**saves time and is always consistent!**

*Available for Sprints,
Midgets, and 600 Micro
Sprints, in both our
Original and Pro Models.*
